## **How to Download and Install F1 Mobile Racing 3.0 24 Mod Apk**

If you want to enjoy F1 Mobile Racing with unlimited resources, unlocked cars, unlimited fuel, no ads, and more, then you need to download and install the F1 Mobile Racing 3.0 24 mod apk on your device. Here are the steps to do so:

### **Requirements and compatibility of the mod apk**

The F1 Mobile Racing 3.0 24 mod apk is compatible with Android devices running Android 5.0 or higher. You need to have at least 2 GB of RAM and 2 GB of free storage space on your device to run the game smoothly. You also need to have a stable internet connection to play online multiplayer

modes.

## **Steps to download and install the mod apk from a trusted source**

The first step is to download the F1 Mobile Racing 3.0 24 mod apk file from a trusted source. You can find many websites that offer mod apk files for various games, but you need to be careful as some of them may contain viruses or malware that can harm your device. We recommend using [this link] to download the mod apk file safely and securely.

The second step is to install the mod apk file on your device. To do this, you need to locate the downloaded file in your file manager app and tap on it. You may see a warning message that says "This type of file can harm your device" or "For your security, your phone is not allowed to install unknown apps from this source". Don't worry, this is normal and you just need to tap on "OK" or "Settings" to proceed.

## **How to enable unknown sources and permissions on your device**

The third step is to enable unknown sources and permissions on your device. This is necessary because the mod apk file is not from the official Google Play Store and your device may block its installation by default. To enable unknown sources and permissions, you need to follow these steps:
