How to Download and Install Infowood 1992 Enterprise for Free

Infowood 1992 Enterprise is a professional software for designing and planning interior spaces, such as kitchens, bathrooms, closets, offices and more. It allows you to create realistic 3D models, plans, elevations and perspectives of your projects, as well as generate cutting lists and costing lists of the products you use. Infowood 1992 Enterprise is compatible with Windows operating systems and requires a minimum of 4 GB of RAM and 10 GB of free disk space.

If you want to try out Infowood 1992 Enterprise for free, you can download a trial version from the official website of Infowood Technologies^[1]. The trial version is valid for 30 days and includes all the features and libraries of the full version. To download the trial version, follow these steps:

1. Go to <https://www.infowood.gr/en/download/> and fill out the form with your name, email address, phone number and country.
2. Check your email inbox for a confirmation message from Infowood Technologies and click on the link to activate your account.
3. Log in to your account on the website and click on the "Download" button next to "1992 Enterprise version 13".
4. Choose the language of the installation file and click on "Download".
5. Save the file on your computer and run it as an administrator.
6. Follow the instructions on the screen to complete the installation process.
7. Launch Infowood 1992 Enterprise from your desktop or start menu and enter your email address and password to activate the trial version.

You can now use Infowood 1992 Enterprise for free for 30 days. You can access all the libraries of furniture, materials, accessories and appliances from various brands, as well as create your own custom libraries. You can also import and export files in various formats, such as DWG, DXF, PDF, JPG, PNG and more. You can also print your projects or share them online with your clients or colleagues.

If you want to purchase the full version of Infowood 1992 Enterprise after the trial period expires, you can do so from the website of Infowood Technologies^[3]. The full version costs 2.000 euros and includes all the libraries of the system, as well as free updates and technical support. You can also choose from different payment methods, such as credit card, bank transfer or PayPal.

Infowood 1992 Enterprise is a powerful and user-friendly software that can help you design and plan any interior space with ease and accuracy. Whether you are a professional designer, a manufacturer or a hobbyist, you can benefit from its features and functions. Download it today and see for yourself!

If you want to learn more about Infowood 1992 Enterprise and its features, you can visit the website of Infowood Technologies and browse through the tutorials, videos, manuals and FAQs. You can also contact the customer service team via phone, email or chat if you have any questions or issues. They are available from Monday to Friday, from 9:00 a.m. to 5:00 p.m. (GMT+2).

Infowood 1992 Enterprise is not the only software that Infowood Technologies offers. You can also check out their other products, such as 1992 Professional, which is a simpler and cheaper version of 1992 Enterprise, suitable for smaller projects and budgets.
