KMSAuto Net 2015 1.4.7 Multilingual Portable: A Powerful Tool to Activate Windows and Office

KMSAuto Net 2015 1.4.7 Multilingual Portable is a software that can automatically activate Windows and Office products using the KMS (Key Management Service) technology. KMS is a method that allows users to activate multiple copies of Windows and Office with a single key, without contacting Microsoft servers.

KMSAuto Net 2015 1.4.7 Multilingual Portable supports Windows Vista, 7, 8, 8.1, 10, Server 2008, 2008 R2, 2012, 2012 R2 and Office 2010, 2013, 2016 editions that are Volume License (VL). It can also activate some other versions of Windows and Office, such as Windows 8.1 Single Language, Windows 8.1 Core, Windows 8.1 Core N, Windows 8.1 Pro WMC, Windows Embedded 8.1 Industry Pro, Windows Server 2012 R2 Standard and Windows Server 2012 R2 Datacenter[^1^][^2^][^3^].

KMSAuto Net 2015 1.4.7 Multilingual Portable is based on the KMS Server Service from mikmik38 (MDL), a well-known developer in the activation scene[^1^]. It has a simple and user-friendly interface that allows users to choose the activation mode (automatic or manual), the product to activate (Windows or Office), and the activation options (such as rearm or reset). It also has a built-in console that shows the activation status and logs.

KMSAuto Net 2015 1.4.7 Multilingual Portable is a portable software that does not require installation or registration. It can be run from any removable device, such as a USB flash drive or a CD/DVD. It does not leave any traces in the system registry or files. It is also virus-free and safe to use.

KMSAuto Net 2015 1.4.7 Multilingual Portable is a powerful tool that can help users to activate their Windows and Office products easily and quickly. It is one of the most popular and reliable KMS activators available on the internet.

How to Use KMSAuto Net 2015 1.4.7 Multilingual Portable

To use KMSAuto Net 2015 1.4.7 Multilingual Portable, you need to follow these steps:

1. Download the software from one of the links provided in the previous section.
2. Extract the zip file to a folder of your choice.
3. Run the KMSAuto Net.exe file as administrator.
4. Select the activation mode (automatic or manual) from the main window.

Note: You may need to disable your antivirus or firewall temporarily before running the software, as some security programs may detect it as a threat. You may also need to restart your computer after the activation is done.

Benefits of KMSAuto Net 2015 1.4.7 Multilingual Portable

KMSAuto Net 2015 1.4.7 Multilingual Portable is not only a powerful tool to activate Windows and Office products, but also a beneficial one for users who want to save money and enjoy the full features of Microsoft products. Here are some of the benefits of using KMSAuto Net 2015 1.4.7 Multilingual Portable:

- It activates any version, build, and edition of Windows and Office products that are Volume License (VL), as well as some other versions that are not VL[^2^]. This means that users can access the latest updates and features of Microsoft products without any limitations.
- It guarantees safe activation, as it is virus-free and malware-free[^2^]. It also bypasses anti-virus programs and uses random IP addresses to avoid detection[^2^]. It does not leave any traces in the system registry or files, so it does not affect the performance or security of the system.
- It is convenient and easy to use, as it has a simple and user-friendly interface that allows users to choose the activation mode, product, and options with a few clicks[^2^]. It also has a built-in console that shows the activation status and logs. It can be run as administrator without any installation or registration.
- It is free of charge, as it can be downloaded from various online sources without any payment[^1^] [^2^] [^3^]. It helps users to save thousands of money that they would otherwise spend on buying and renewing Microsoft products every year.
- It is very portable, as it is a small-sized program that takes only 9.2 MB of storage space[^1^] [^3^]. It can be run from any removable device, such as a USB flash drive or a CD/DVD. It can also be used offline or online depending on the preference of the user[^2^].
- It makes an unpaid Microsoft product genuine, as it activates it using the KMS technology that is developed by Microsoft themselves[^2^]. It creates a virtual server on the PC that mimics the original KMS server and renews the license every 180 days[^2^]. This way, users can enjoy the benefits of a genuine Microsoft product without any legal issues.
