How to unlock new characters and hoverboards in Subway Surfers?

To unlock new characters and hoverboards in Subway Surfers, you need to either collect enough coins or tokens, or complete certain missions or events. Coins are the main currency in the game and you can use them to buy most of the characters and hoverboards. Tokens are special items that you can collect during the game or get from mystery boxes. You can use them to unlock certain characters or hoverboards that are not available for coins. Missions are tasks that you need to complete during the game, such as collecting a certain number of items or performing a certain number of moves. Events are special occasions that happen periodically in the game, such as holidays or festivals. They usually offer limited edition characters or hoverboards that you can get by completing specific challenges or collecting special items.

How to change the time and date to get limited edition items in Subway Surfers?

Some of the limited edition items in Subway Surfers are only available for a certain period of time, such as a week or a month. If you miss the opportunity to get them, you might have to wait for a long time until they come back again. However, there is a trick that you can use to get them anytime you want. It involves changing the time and date settings on your device to match the time and date when the items were available. Here is how you can do it:

1. Close the Subway Surfers app on your device.
2. Go to your device settings and turn off the automatic date and time option.
3. Change the date and time manually to match the date and time when the items were available. For example, if you want to get the Halloween items, you can change the date and time to October 31st.
4. Open the Subway Surfers app again and check if the items are available for purchase or collection.
5. After you get the items, you can change the date and time back to normal and turn on the automatic option again.

Note: This trick might not work with some devices or versions of the game. It is also possible that using this trick might result in a ban from the game or a loss of your progress. Use it at your own risk and discretion.
