Aquaman 2: Everything You Need to Know About the DC Sequel

Aquaman was one of the biggest hits of the DC Extended Universe (DCEU), earning over \$1 billion at the global box office and becoming the highest-grossing DC movie of all time. The underwater adventure starring Jason Momoa as the titular hero introduced us to the stunning world of Atlantis and its colorful inhabitants, as well as its conflicts and challenges. It also featured some spectacular action scenes, a charming romance, and a lot of humor and heart.

With such a successful debut, it was only a matter of time before a sequel was announced. Aquaman 2, officially titled Aquaman and the Lost Kingdom, is set to hit theaters in December 2023, with director James Wan returning to helm the project. But what can we expect from the second installment of the aquatic saga? Here's everything you need to know about Aquaman 2.

Release date: When can we watch Aquaman and the Lost Kingdom?

The original release date for Aquaman 2 was December 16, 2022, but due to the COVID-19 pandemic and other factors, it was pushed back to March 17, 2023. However, in a surprising move, Warner Bros. decided to move it back to December 25, 2023, giving it a Christmas slot that worked so well for the first movie. This means that we will have to wait a bit longer to see Jason Momoa back in action, but hopefully it will be worth it.

Trailer: Where can we see Aquaman 2 footage?

As of now, there is no official trailer for Aquaman 2 available online. However, some lucky attendees at CinemaCon 2021 got to see a sneak peek of the movie, which reportedly featured some footage of Aquaman in his classic orange and green suit, Black Manta with a new ship and a mysterious dark energy, and Orm with a new look and attitude. The teaser also revealed the official logo and subtitle of the movie: Aquaman and the Lost Kingdom.

We don't know when the rest of us will get to see the trailer, but it's likely that it will be released sometime in early or mid-2023, closer to the movie's premiere date. Until then, we can only hope that some images or posters will be released to tide us over.

Cast: Who is returning and joining Aquaman 2?

Jason Momoa as Arthur Curry/Aquaman

The charismatic star of the franchise, Jason Momoa will reprise his role as Arthur Curry, aka Aquaman, the half-human, half-Atlantean king of Atlantis who has the ability to communicate with marine life, manipulate water, and wield the powerful Trident of Atlan. Momoa has been very involved in the development of the sequel, even co-writing the story with director James Wan. He has teased that Aquaman 2 will be "bigger" and "better" than the first one, and that it will explore more aspects of his character's personality and history.

Amber Heard as Mera

Despite some controversy surrounding her personal life and legal battles, Amber Heard will return as Mera, the fierce and loyal Atlantean warrior and love interest of Aquaman who has the ability to manipulate water and create hard water constructs. Heard has expressed her gratitude and excitement for being part of the sequel, and has shared some photos of her training and preparation for the role. She has also hinted that Mera will have a more prominent role in Aquaman 2, and that she will face some new challenges and enemies.

Patrick Wilson as Orm/Ocean Master

Patrick Wilson will reprise his role as Orm, aka Ocean Master, the half-brother of Aquaman and the former king of Atlantis who tried to wage war against the surface world in the first movie. Wilson has revealed that Orm will have a very different look and attitude in Aquaman 2, and that he will be more of an ally than an antagonist to Aquaman. He has also said that Orm will have a "new place to exist within this world" and that he will explore some "new emotional territory".

Yahya Abdul-Mateen II as David Kane/Black Manta

Yahya Abdul-Mateen II will return as David Kane, aka Black Manta, the ruthless mercenary and pirate who seeks revenge against Aquaman for killing his father. Abdul-Mateen II has confirmed that Black Manta will be one of the main villains of Aquaman 2, and that he will have a bigger role and a more personal motivation than in the first movie. He has also teased that Black Manta will have a new suit, a new ship, and a new source of power that will make him more dangerous and formidable.

Nicole Kidman as Atlanna

Nicole Kidman will reprise her role as Atlanna, the mother of Aquaman and Orm and the former queen of Atlantis who was presumed dead but was later revealed to be alive and living in a hidden kingdom. Kidman has said that she is happy to be back as Atlanna, and that she loves working with director James Wan. She has also praised Jason Momoa for being a "wonderful son" and a "great actor".

Willem Dafoe as Nuidis Vulko

Willem Dafoe will return as Nuidis Vulko, the trusted advisor and mentor of Aquaman who helped him learn about his heritage and abilities. Dafoe has not revealed much about his role in Aquaman 2, but he has said that he enjoys working with James Wan and Jason Momoa, and that he likes the "fantasy" aspect of the movie.

Dolph Lundgren as King Nereus

Dolph Lundgren will reprise his role as King Nereus, the ruler of the Xebel tribe and the father of Mera who initially allied with Orm but later switched sides to help Aquaman. Lundgren has said that he is looking forward to returning as Nereus, and that he hopes to have more action scenes in Aquaman 2. He has also praised James Wan for being a "visionary" director and Jason Momoa for being a "funny" and "charismatic" lead.

Temuera Morrison as Tom Curry

Temuera Morrison will reprise his role as Tom Curry, the father of Aquaman and a lighthouse keeper who raised him on land. Morrison has said that he is excited to be back as Tom Curry, and that he

hopes to have more scenes with Nicole Kidman in Aquaman 2. He has also said that he is proud to represent his Maori heritage in the movie.

Randall Park as Dr. Stephen Shin

Randall Park will return as Dr. Stephen Shin, a marine biologist who is obsessed with finding Atlantis and proving its existence. Park has said that he is thrilled to be part of Aquaman 2, and that he hopes to have more screen time and interaction with other characters in the sequel. He has also joked that he wants to see Dr. Shin become a superhero or a villain in the future.

Pilou Asbæk as TBA

Pilou Asbæk, best known for his role as Euron Greyjoy in Game of Thrones, is a new addition to the cast of Aquaman 2. His role has not been officially announced yet, but some rumors suggest that he might play Atlan, the ancient king of Atlantis who created the Trident of Atlan and hid it in a secret location. Asbæk has said that he is honored to join the DC universe, and that he is having a lot of fun working with James Wan and Jason Momoa in Aquaman 2.

Indya Moore as Karshon

Indya Moore, best known for their role as Angel Evangelista in Pose, is another new addition to the cast of Aquaman 2. They will play Karshon, a character who is originally a shark-like villain in the comics, but who might have a different role or appearance in the movie. Moore has said that they are grateful and excited to be part of Aquaman 2, and that they are looking forward to sharing their work with the fans.

Plot: What is Aquaman and the Lost Kingdom about?

The official plot synopsis for Aquaman 2 has not been revealed yet, but we can make some educated guesses based on the title, the cast, and some hints from the filmmakers. The title suggests that the movie will explore a new and mysterious kingdom that is somehow related to Atlantis, and that it might have some connection to the Lost City of Necrus, a hidden and hostile underwater city that appears in the comics. The cast suggests that the movie will feature some familiar faces and some new ones, and that it will have some surprises and twists along the way. The filmmakers have hinted that the movie will be darker and more serious than the first one, and that it will deal with some environmental and social issues that are relevant to our world today.

Some possible plot points that we might see in Aquaman 2 are:

- Aquaman trying to balance his duties as the king of Atlantis and his life on land with Mera and his father.
- Black Manta seeking revenge against Aquaman with the help of a mysterious benefactor and a new weapon.
- Orm trying to redeem himself and help Aquaman against a new threat.
- Aquaman discovering more about his heritage and his connection to the Lost Kingdom.
- Aquaman facing a new enemy or a rival king who wants to challenge his rule or take over Atlantis.

Of course, these are just speculations and we will have to wait until the movie comes out to see what the actual plot is. But we can be sure that Aquaman 2 will be an epic and thrilling adventure that will take us to new depths of the DC universe.

Conclusion: Why are we excited for Aquaman 2?

Aquaman 2 is one of the most anticipated movies of 2023, and for good reasons. It is the sequel to one of the most successful and entertaining DC movies ever made, and it promises to deliver more action, humor, romance, and spectacle than before. It has a talented and diverse cast that includes some of the biggest stars in Hollywood, as well as some newcomers who will bring fresh energy and perspectives to the story. It has a visionary and creative director who knows how to craft stunning visuals and compelling narratives that appeal to both fans and critics. And it has a fascinating and rich world that offers endless possibilities for exploration and discovery.

We are excited for Aquaman 2 because it is more than just a superhero movie. It is a movie that celebrates diversity, culture, nature, and family. It is a movie that challenges us to think about our relationship with our planet and our fellow beings. And it is a movie that inspires us to embrace our differences and our destinies. We can't wait to dive into Aquaman 2 when it arrives in theaters on December 25, 2023.

FAQs: Frequently Asked Questions about Aquaman 2

Here are some of the most common questions that people have about Aquaman 2:

1. Is Aquaman 2 part of the DCEU?

Yes, Aquaman 2 is part of the DC Extended Universe (DCEU), which is the shared universe of DC movies that includes Man of Steel, Batman v Superman: Dawn of Justice, Suicide Squad, Wonder Woman, Justice League, Shazam!, Birds of Prey, Wonder Woman 1984, The Suicide Squad, Black Adam, The Flash, Shazam! Fury of the Gods, Batgirl, Blue Beetle, Zatanna, Static Shock, The Batman (kind of), Joker (not really), etc.

2. Will Aquaman 2 be on HBO Max?

No, Aquaman 2 will not be on HBO Max at the same time as it is in theaters. Unlike some of the previous DC movies that were released simultaneously on HBO Max and in theaters due to the pandemic situation, Aquaman 2 will have an exclusive theatrical release for at least 45 days before it becomes available on streaming platforms or digital services.

3. Will there be a Justice League 2 after Aquaman 2?

Maybe, maybe not. There is no official confirmation or announcement about a Justice League 2 movie, but there are some rumors and speculations that it might happen in the future. Some of the actors and directors involved in the DCEU have expressed their interest and support for a Justice League 2 movie, especially after the release of Zack Snyder's Justice League, which was a more faithful and satisfying version of the original Justice League movie. However, there are also some challenges and obstacles that might prevent a Justice League 2 movie from happening, such as the contracts and schedules of the actors, the creative differences and conflicts between the filmmakers and the studio, the reception and performance of the upcoming DC movies, etc.

4. Will Aquaman 2 be connected to The Flash movie?

Probably not. The Flash movie, which is scheduled to be released on November 4, 2022, will be based on the Flashpoint storyline from the comics, which involves the Flash traveling back in time and altering the timeline, creating a new and darker reality where everything is

different. The Flash movie will also feature multiple versions of Batman, played by Ben Affleck and Michael Keaton, as well as Supergirl, played by Sasha Calle. However, there is no indication or evidence that Aquaman 2 will be affected or influenced by the events of The Flash movie, or that it will feature any crossover or cameo from other DC characters. Aquaman 2 will most likely be a standalone story that focuses on Aquaman and his world.

5. Will there be an Aquaman 3 after Aquaman 2?

Possibly. There is no official confirmation or announcement about an Aquaman 3 movie, but there are some reasons to believe that it might happen in the future. Aquaman was a huge success and a fan favorite, and Aquaman 2 is expected to be another hit. Jason Momoa has said that he has plans and ideas for an Aquaman 3 movie, and that he hopes to continue playing the character for as long as possible. James Wan has also said that he has a vision and a direction for the Aquaman franchise, and that he wants to explore more of the underwater world and its mythology. However, there are also some factors that might affect or delay an Aquaman 3 movie, such as the reception and performance of Aquaman 2, the availability and interest of the cast and crew, the development and production of other DC movies, etc.

6. How can I download the Aquaman 2 trailer?

You can't. At least not legally. As we mentioned before, there is no official trailer for Aquaman 2 available online yet, only a sneak peek that was shown at CinemaCon 2021. If you find any websites or links that claim to have the Aquaman 2 trailer for download, they are most likely fake or illegal, and they might contain viruses or malware that could harm your device or steal your personal information. The best way to watch the Aquaman 2 trailer is to wait until it is officially released by Warner Bros. or DC on their official channels, such as YouTube, Twitter, Facebook, Instagram, etc.
